Emily Haddad

Stillwater Public Library Gallery

September—October 2016

An Exhibition of Paintings by Emily Haddad

From the very beginning, color has been the focus of my paintings; more so than line, space, composition, perspective, light or shadow. While all of these elements are important, my primary need as an artist is to interpret the world around me through the harmonies of color. This can be seen in every painting I make, including those in this exhibition.

For this exhibit I have also included six quotes by artists discussing the use of color in their own art. The quotes are set against detail from my own paintings.
