

BABY & TODDLER STORYTIME

7 March 2023

Stillwater Public Library

Welcome, Baby and Toddler Storytime Families!

Parents, siblings, and other primary caregivers are a child's first and most important teachers, and library staff want to support you in this role in as many ways as we can. Today's interactive storytime is designed especially for little ones ages 0 - 3 with their caregiver(s); activities will include books, songs, puppets, fingerplays and body movement.

Please come and go as you need to. This Storytime is intended to offer a relaxed learning environment as your little one experiences and practices how to be in a group. There is not a right or wrong way to participate. Having fun together and sharing the joy and connectivity of books, rhymes and songs is the most important goal!

BABY SIGNS

By the time children are two years old, they typically understand 300 to 500 spoken words, but do not yet have the physical ability to vocalize many of those words. Baby Signs are simple gestures that allow babies and toddlers to communicate basic needs, minimizing frustration and even helping children talk sooner. Teach your child's relatives, friends and other caregivers your family's sign vocabulary so they can also understand what your child is telling them! Always say the word aloud as you make the sign.

BOOK - Open and close palms like a book.

MORE - Touch all five fingertips of both closed hands together, meeting hands at midline.

ALL DONE - Both hands, with palms open, move as if shaking off something.

BEAR - Make hands into claws and cross arms, one hand on each shoulder, scratching up and down.
