# ARTIST STATEMENT/BIO

My love of fine art started in my early years of education. At the age of 12 I was awarded first place in the Wisconsin state safety poster contest. From that point I went on to enjoy art classes in high school and college obtaining my Bachelor's of Fine Arts degree from the University of Wisconsin-Milwaukee.

I've enjoyed many fine art media however my emphasis is on the art of watercolor painting. Spending many years living in western Wisconsin, surrounded by the beauty of the area I've been greatly inspired with this subject matter for my paintings. The watercolor medium has been a challenge and a fascination because of the transparent quality but it gives me the opportunity to create something amazing and sometimes unexpected.

I enjoy the endless creative possibilities in this watercolor medium and I'm always excited to learn new ways of painting and connecting with other artists. We all learn from each other.
